Bitcoin OS NFT/FT File System Implementation Plan

Overview

Bitcoin OS introduces two fundamental container file types:

- **`.nft` files** - Non-fungible containers for unique content (music, documents, videos, data)
- **`.ft` files** - Fungible token containers for value/revenue distribution

Token Allocation

- **Total $bOS allocation for implementation**: 10% (100,000,000 $bOS)
- **Maximum per task**: 1% (10,000,000 $bOS)
- **Target task count**: ~100 tasks

Core Infrastructure Tasks (25 tasks)

File System Foundation (10 tasks)

1. **NFT Container Specification** - Define .nft file format specification

- Reward: 1,000,000 $bOS (0.1%)

- Skills: Protocol design, file systems

2. **FT Container Specification** - Define .ft file format specification

- Reward: 1,000,000 $bOS (0.1%)

- Skills: Protocol design, tokenomics

3. **NFT File Parser** - Build parser for reading/writing .nft files

- Reward: 2,000,000 $bOS (0.2%)

- Skills: TypeScript, binary formats

4. **FT File Parser** - Build parser for reading/writing .ft files

- Reward: 2,000,000 $bOS (0.2%)

- Skills: TypeScript, binary formats

5. **File Type Registry Contract** - On-chain registry for .nft/.ft files

- Reward: 3,000,000 $bOS (0.3%)

- Skills: sCrypt, BSV smart contracts

6. **Content Hashing System** - Implement content addressing for .nft files

- Reward: 1,500,000 $bOS (0.15%)

- Skills: Cryptography, IPFS

7. **Metadata Standards** - Define metadata schemas for both file types

- Reward: 1,000,000 $bOS (0.1%)

- Skills: JSON Schema, standards design

8. **File Validation Library** - Validate .nft/.ft file integrity

- Reward: 1,500,000 $bOS (0.15%)

- Skills: TypeScript, validation

9. **Migration Tools** - Convert existing files to .nft/.ft format

- Reward: 2,000,000 $bOS (0.2%)

- Skills: Node.js, file conversion

10. **File System API** - REST API for file operations

- Reward: 3,000,000 $bOS (0.3%)

- Skills: Next.js API routes, REST

Revenue Distribution System (8 tasks)

11. **Revenue Router Contract** - Smart contract for routing payments from .nft to .ft

- Reward: 5,000,000 $bOS (0.5%)

- Skills: sCrypt, DeFi

12. **Share Issuance Contract** - Issue shares against .nft files

- Reward: 4,000,000 $bOS (0.4%)

- Skills: sCrypt, tokenization

13. **Revenue Calculator** - Calculate revenue splits

- Reward: 2,000,000 $bOS (0.2%)

- Skills: Math, algorithms

14. **Payment Scheduler** - Automated revenue distribution

- Reward: 3,000,000 $bOS (0.3%)

- Skills: Cron, automation

15. **Royalty Management** - Handle ongoing royalties

- Reward: 2,500,000 $bOS (0.25%)

- Skills: Smart contracts, royalties

16. **Revenue Analytics** - Track and report revenue flows

- Reward: 2,000,000 $bOS (0.2%)

- Skills: Data analytics, reporting

17. **Multi-token Support** - Support various FT standards (BSV20, BSV21, STAS)

- Reward: 3,000,000 $bOS (0.3%)

- Skills: Token standards, integration

18. **Revenue History Indexer** - Index all revenue transactions

- Reward: 2,500,000 $bOS (0.25%)

- Skills: Indexing, databases

Storage & Persistence (7 tasks)

19. **On-chain Storage Contract** - Store small .nft/.ft files on BSV

- Reward: 3,000,000 $bOS (0.3%)

- Skills: OP_RETURN, data storage

20. **IPFS Integration** - Store large files on IPFS

- Reward: 2,000,000 $bOS (0.2%)

- Skills: IPFS, distributed storage

21. **Hybrid Storage Manager** - Intelligently choose storage location

- Reward: 2,500,000 $bOS (0.25%)

- Skills: Storage optimization

22. **Cache Layer** - Fast access to frequently used files

- Reward: 1,500,000 $bOS (0.15%)

- Skills: Redis, caching

23. **Backup System** - Redundant storage for critical files

- Reward: 2,000,000 $bOS (0.2%)

- Skills: Backup strategies

24. **Storage Pricing Oracle** - Dynamic pricing for storage

- Reward: 1,500,000 $bOS (0.15%)

- Skills: Oracles, pricing

25. **Data Availability Proofs** - Prove files are available

- Reward: 2,500,000 $bOS (0.25%)

- Skills: Cryptographic proofs

Application Integration Tasks (30 tasks)

Bitcoin Drive Integration (6 tasks)

26. **Drive NFT Wrapper** - Wrap all files in .nft containers

- Reward: 2,000,000 $bOS (0.2%)

27. **Drive Share Manager** - Issue/manage shares for stored files

- Reward: 2,000,000 $bOS (0.2%)

28. **Drive Revenue Dashboard** - Show earnings from shared files

- Reward: 1,500,000 $bOS (0.15%)

29. **Drive File Browser Update** - Display .nft/.ft icons and metadata

- Reward: 1,000,000 $bOS (0.1%)

30. **Drive Permission System** - NFT-based access control

- Reward: 2,000,000 $bOS (0.2%)

31. **Drive Marketplace** - Buy/sell access to files

- Reward: 2,500,000 $bOS (0.25%)

Bitcoin Music Integration (6 tasks)

32. **Music NFT Creator** - Convert songs to .nft format

- Reward: 2,000,000 $bOS (0.2%)

33. **Streaming Royalty Distributor** - Pay per stream to .ft holders

- Reward: 3,000,000 $bOS (0.3%)

34. **Album Bundle NFTs** - Bundle multiple songs in one .nft

- Reward: 1,500,000 $bOS (0.15%)

35. **Music Rights Manager** - Manage publishing/performance rights

- Reward: 2,500,000 $bOS (0.25%)

36. **Fan Token Integration** - Artist .ft tokens for fans

- Reward: 2,000,000 $bOS (0.2%)

37. **Music Analytics** - Track plays and revenue

- Reward: 1,500,000 $bOS (0.15%)

Bitcoin Writer Integration (6 tasks)

38. **Document NFT Wrapper** - Convert documents to .nft

- Reward: 1,500,000 $bOS (0.15%)

39. **Publishing Contract** - Publish and sell documents

- Reward: 2,000,000 $bOS (0.2%)

40. **Subscription System** - Subscribe to author .ft tokens

- Reward: 2,000,000 $bOS (0.2%)

41. **Collaborative Writing** - Multi-author .nft files

- Reward: 2,500,000 $bOS (0.25%)

42. **Version Control** - Track document versions in .nft

- Reward: 2,000,000 $bOS (0.2%)

43. **Citation Rewards** - Revenue for cited documents

- Reward: 1,500,000 $bOS (0.15%)

Bitcoin Email Integration (6 tasks)

44. **Encrypted Message NFTs** - Store important emails as .nft

- Reward: 2,000,000 $bOS (0.2%)

45. **Paid Email System** - Charge .ft tokens to send email

- Reward: 1,500,000 $bOS (0.15%)

46. **Email Archive NFTs** - Archive conversations as .nft

- Reward: 1,000,000 $bOS (0.1%)

47. **Newsletter Token** - .ft tokens for newsletter subscribers

- Reward: 1,500,000 $bOS (0.15%)

48. **Email Attestation** - Prove email authenticity via .nft

- Reward: 2,000,000 $bOS (0.2%)

49. **Spam Prevention** - Require .ft stake to send emails

- Reward: 1,500,000 $bOS (0.15%)

Bitcoin Wallet Integration (6 tasks)

50. **NFT Gallery** - Display owned .nft files

- Reward: 1,500,000 $bOS (0.15%)

51. **FT Portfolio Manager** - Manage .ft token holdings

- Reward: 2,000,000 $bOS (0.2%)

52. **Revenue Claim Interface** - Claim earnings from .nft files

- Reward: 1,500,000 $bOS (0.15%)

53. **Token Swap Interface** - Swap between different .ft tokens

- Reward: 2,500,000 $bOS (0.25%)

54. **NFT Transfer UI** - Send/receive .nft files

- Reward: 1,000,000 $bOS (0.1%)

55. **Wallet Connect** - Connect to .nft/.ft marketplaces

- Reward: 2,000,000 $bOS (0.2%)

UI/UX Tasks (15 tasks)

56. **File Type Icons** - Design icons for .nft/.ft files

- Reward: 500,000 $bOS (0.05%)

57. **File Explorer Component** - Universal file browser component

- Reward: 2,000,000 $bOS (0.2%)

58. **NFT Preview Component** - Preview .nft contents

- Reward: 1,500,000 $bOS (0.15%)

59. **FT Balance Widget** - Show .ft token balances

- Reward: 1,000,000 $bOS (0.1%)

60. **Revenue Stream Visualizer** - Visualize revenue flows

- Reward: 2,000,000 $bOS (0.2%)

61. **Share Issuance Modal** - UI for issuing shares

- Reward: 1,500,000 $bOS (0.15%)

62. **File Properties Panel** - Show .nft/.ft metadata

- Reward: 1,000,000 $bOS (0.1%)

63. **Drag & Drop Upload** - Upload files as .nft

- Reward: 1,500,000 $bOS (0.15%)

64. **Batch Operations UI** - Bulk file operations

- Reward: 1,500,000 $bOS (0.15%)

65. **Mobile Responsive Views** - Mobile-optimized interfaces

- Reward: 2,000,000 $bOS (0.2%)

66. **Accessibility Features** - ARIA labels, keyboard nav

- Reward: 1,500,000 $bOS (0.15%)

67. **Theme Support** - Dark/light themes for file UI

- Reward: 1,000,000 $bOS (0.1%)

68. **Animation Library** - Smooth transitions for file operations

- Reward: 1,000,000 $bOS (0.1%)

69. **Error Handling UI** - User-friendly error messages

- Reward: 1,000,000 $bOS (0.1%)

70. **Loading States** - Skeleton screens for file loading

- Reward: 500,000 $bOS (0.05%)

Developer Tools & SDK (15 tasks)

71. **JavaScript SDK** - JS/TS SDK for .nft/.ft operations

- Reward: 3,000,000 $bOS (0.3%)

72. **Python SDK** - Python library for file operations

- Reward: 2,000,000 $bOS (0.2%)

73. **CLI Tools** - Command line tools for .nft/.ft

- Reward: 2,000,000 $bOS (0.2%)

74. **VS Code Extension** - IDE support for file types

- Reward: 2,500,000 $bOS (0.25%)

75. **File Inspector Tool** - Debug and inspect files

- Reward: 1,500,000 $bOS (0.15%)

76. **Test Suite** - Comprehensive testing framework

- Reward: 2,000,000 $bOS (0.2%)

77. **Mock Data Generator** - Generate test .nft/.ft files

- Reward: 1,000,000 $bOS (0.1%)

78. **Performance Profiler** - Profile file operations

- Reward: 1,500,000 $bOS (0.15%)

79. **Migration Script Generator** - Auto-generate migration scripts

- Reward: 1,500,000 $bOS (0.15%)

80. **Contract Templates** - Boilerplate for common patterns

- Reward: 1,000,000 $bOS (0.1%)

81. **Integration Examples** - Sample integrations

- Reward: 1,000,000 $bOS (0.1%)

82. **Webhook System** - Webhooks for file events

- Reward: 2,000,000 $bOS (0.2%)

83. **GraphQL API** - GraphQL interface for files

- Reward: 2,500,000 $bOS (0.25%)

84. **WebSocket Support** - Real-time file updates

- Reward: 2,000,000 $bOS (0.2%)

85. **SDK Documentation Generator** - Auto-generate SDK docs

- Reward: 1,000,000 $bOS (0.1%)

Documentation & Education (10 tasks)

86. **Technical Whitepaper** - Complete technical specification

- Reward: 2,000,000 $bOS (0.2%)

87. **Developer Guide** - Comprehensive developer documentation

- Reward: 1,500,000 $bOS (0.15%)

88. **Video Tutorials** - Create tutorial videos

- Reward: 2,000,000 $bOS (0.2%)

89. **Interactive Playground** - Try .nft/.ft operations online

- Reward: 2,500,000 $bOS (0.25%)

90. **API Reference** - Complete API documentation

- Reward: 1,000,000 $bOS (0.1%)

91. **Best Practices Guide** - Security and optimization guide

- Reward: 1,000,000 $bOS (0.1%)

92. **Migration Guide** - Guide for migrating existing systems

- Reward: 1,000,000 $bOS (0.1%)

93. **FAQ System** - Frequently asked questions

- Reward: 500,000 $bOS (0.05%)

94. **Code Examples Repository** - Repository of examples

- Reward: 1,500,000 $bOS (0.15%)

95. **Community Forum** - Support forum for developers

- Reward: 1,500,000 $bOS (0.15%)

Security & Compliance (5 tasks)

96. **Security Audit** - Professional security audit

- Reward: 5,000,000 $bOS (0.5%)

97. **Penetration Testing** - Test for vulnerabilities

- Reward: 3,000,000 $bOS (0.3%)

98. **Access Control Audit** - Verify permission systems

- Reward: 2,000,000 $bOS (0.2%)

99. **Compliance Framework** - Legal compliance for file storage

- Reward: 2,000,000 $bOS (0.2%)

100. **Bug Bounty Program** - Ongoing security rewards

- Reward: 3,000,000 $bOS (0.3%)

Total Allocation Summary

- **Total Tasks**: 100
- **Total $bOS Allocated**: 100,000,000 (10% of supply)
- **Average Reward per Task**: 1,000,000 $bOS (0.1%)
- **Highest Single Task**: 5,000,000 $bOS (0.5%)

Implementation Phases

Phase 1: Foundation (Tasks 1-25)

- Duration: 3 months
- Focus: Core infrastructure

Phase 2: Integration (Tasks 26-55)

- Duration: 4 months
- Focus: App integration

Phase 3: Polish (Tasks 56-85)

- Duration: 3 months
- Focus: UI/UX and developer tools

Phase 4: Documentation & Security (Tasks 86-100)

- Duration: 2 months
- Focus: Documentation and security

Next Steps

1. Create GitHub issues for each task
2. Set up contracts page with authentication
3. Begin recruiting developers
4. Start with high-priority foundation tasks
